

Workforce Management Solutions for BC Chamber of Commerce Members

Payworks' feature-rich total workforce management solutions were designed to help our clients manage their workforces with ease and precision.

We offer a comprehensive set of web-based solutions and extensive support, including:

- Online Payroll Solutions;
- Human Resource Management System;
- Employee Time Management; and
- Employee and Management Self Service.

The key to Payworks is the single unified database design. Information is shared between Payroll, HRMS, and Employee Time Management along with Employee and Management Self Service, so there is no need to synchronize common data fields or re-key information.

With the addition of our fully web enabled services, our solutions are more flexible than ever. We understand that business doesn't stop at 5 o'clock. With 24/7 online access, Payworks is ready to work when you are.

Payworks. This is how we work.

About Payworks

The Payworks national service centre is located in Winnipeg, Manitoba, and we have five other offices across Canada, including offices in Vancouver, Victoria, and Kelowna.

The Payworks platform was created in the year 2000, making it the most modern system available in the marketplace today. The flexibility that our platform offers is the reason why we are Canada's fastest-growing payroll and outsourcing alternative, and why we are an emerging national leader in the field of total workforce management solutions. In 2010, Payworks was named in the Deloitte 50 Fastest Growing Technology companies in Canada.

BC Chamber Benefit Provider

As a Benefit Provider, Payworks offers BC Chamber of Commerce members the following fee structure for their payroll:

- Basic Run Charge \$14.50 and one-time fee of \$75.00;
- Integration with Chamber Group Plan;
- Year-end tax filing/T4s;
- \$1.25 per Direct Deposit or Cheque.
